Provider Description

Information provided by the provider describing their agency:

I am a dedicated clinician and advocate who takes a biopsychosocial approach to overall wellness and quality of life. I understand the importance of empowering not only the individual but also those who support the individual to achieve the best possible outcomes. I have had the privilege of working with many multi-disciplinary teams. I have real life experience in the field, and personal experience through the love that I have for my brother who has an intellectual disability. Additionally, my educational background includes a bachelor's degree in psychology, a master's degree in social work, and a post master's fellowship focusing on psychosocial rehabilitation. I achieved my clinical licensure in 2013.
